

# Accessibility and Computing

## *Special Issue on Accessible Europe*

A regular publication of the ACM Special Interest Group on Accessible Computing

### A Note from the Editor

Dear SIGACCESS member:

Welcome to the new look of the online edition of the SIGACCESS Newsletter – with new layout, the use of sans-serif and larger font throughout, left-justification, and the inclusion of authors' short biographies and photographs (so that you can say hi when you meet them in meetings and conference).

This issue aimed at introducing research projects and initiatives in promoting and facilitating accessible computing in Europe. The articles in this issue came from Czech Republic, England, Germany, and Scotland.

Finally, the call for participation for ASSETS 2007 is included. Join us in Tempe, Arizona this year.

*Sri Kurniawan*

## *Who we are*

SIGACCESS is a special interest group of ACM. The SIGACCESS Newsletter is a regular online publication of SIGACCESS. We encourage a wide variety of contributions, such as: letters to the editor, technical papers, short reports, reviews of papers of products, abstracts, book reviews, conference reports and/or announcements, interesting web page URLs, local activity reports, etc. Actually, we solicit almost anything of interest to our readers.

Material may be reproduced from the Newsletter for non-commercial use with credit to the author and SIGACCESS. Deadlines will be announced through relevant mailing lists one month before publication dates.

We encourage submissions as word-processor files, text files, or e-mail. Postscript or PDF files may be used if layout is important. Ask the editor if in doubt.

Finally, you may publish your work here before submitting it elsewhere. We are a very informal forum for sharing ideas with others who have common interests.

Anyone interested in editing a special issue on an appropriate topic should contact the editor.
